## Inviting Expression of Interest

Many studies have shown that, the frequency of genetic disorders is quite high in the South Indian States of Karnataka, Andhra Pradesh, Tamil Nadu, Goa, Kerala and Southern Maharashtra. To prevent these disorders, it is essential to take up specific genetic problems in this part and train Doctors, Clinicians, Researchers and Students in the latest molecular medicine technology.

The Karnataka Institute for DNA Research, Dharwad is an autonomous institute under the purview of Department of Higher Education, Govt. of Karnataka. KIDNAR is actively engaged in high quality research and service to the society in terms of molecular diagnosis, prognosis and prevention of genetic disorders prevalent in Karnataka especially, Hemophilia, Thalassemia, Breast Cancer, Parkinson disease, Hypercholesterolemia, Cervical Cancer and different types of Leukemia.

KIDNAR is also engaged in conducting research and providing service by the way of Karyotyping and Fluorescent In Situ Hybridization (FISH) studies for the diagnosis of different types of Syndromes like Down's, Klinefelter's, Turner's etc. KIDNAR has developed and standardized protocols for DNA profiling from all possible biological samples.viz, blood, tissue, bone, saliva, semen, hair, nails, burnt bone, burnt tissue, ancient bone ...etc.

KIDNAR is having an independent building consisting of 5 high-tech laboratories with state of the art equipments to conduct research in Human Molecular Genetics and Genomics. KIDNAR is serving the people of North Karnataka, and there is no such center in this part of Karnataka, which can cater to the needy people.

**Under this back drop, KIDNAR invites expression of interest from Private, Government and other recognized bodies to work together on DNA technology, so as to reach the last person of the society to make society healthy, happy and to apply and implement the DNA technology in different sectors of the society on or before 31<sup>st</sup> Oct 2022, in the Name of Director, Karnataka Institute for DNA Research, Dharwad - 580003.**
